

Dear

The Centers for Disease Control and Prevention recommends everyone age 6 months and older get a seasonal flu shot. A shot can help protect you from getting sick with the flu and reduce your risk of serious illness and even hospitalization.¹ That's why we've teamed up with Walgreens to encourage all participants to get a free flu shot this season or before flu spreads throughout your community.*

It's easy to get a flu shot at any Walgreens or Duane Reade pharmacy on a day and time that's convenient for you. Appointments are preferred, and it's simple to schedule yours on the Walgreens App, by visiting Walgreens.com/ScheduleVaccine or by calling 800-WALGREENS (800-925-4733).

When you come in, be sure to bring the voucher below. If you have any questions or concerns, please ask your Walgreens pharmacist. Thank you.

Sincerely,

This voucher entitles you to
one free flu shot at Walgreens*

A benefit brought to you by Walgreens and

Information below must be completed prior to receiving your shot.
