

DUANEreade™

Dear Employee,

The Centers for Disease Control and Prevention recommends everyone age 6 months and older get a seasonal flu shot.¹ A shot can help protect you from getting sick with the flu and reduce your risk of serious illness and even hospitalization.² Encourage everyone to get a flu shot through this member/employee benefit. Getting one early before the flu can spread in your community is best, but getting one at any time in the season is important.

Walgreens makes it easy by offering flu shots at any of the Walgreens or Duane Reade retail pharmacy locations on a day and time that's convenient for you. Walk-in vaccinations are welcome, or you can schedule a vaccination appointment using the Walgreens App, by visiting Walgreens.com/ScheduleVaccine, or by calling 800-WALGREENS.

When you come in, be sure to bring the printed voucher or show it on your phone or device to redeem. If you have any questions or concerns, please ask your Walgreens pharmacist. Thank you.

Sincerely,

Cummins

You're covered at Walgreens!
